Dear Sir:

Skocdopole Construction Ltd. has been a VistaVu customer running the SAP Business One/FieldVu solution for over 2 years. In that time, I have always found the team to be very professional and very knowledgeable about the system.

Response time to our questions have been very timely and the expertise of team members such as Ema and Pavlin has proven extremely helpful in our use of the software.

The FieldVu system allows us to track information that we were not able to gather easily in our previous system. It has helped us streamline our payroll process and more effectively manage projects.

We look forward to a long and continuous relationship with VistaVu Solutions.

Yours truly,

SKOCDOPOLE CONSTRUCTION LTD.
