COREENERGY Solutions Ltd. (CRCS) Awarded 2006 Canadian SAP Partner of the Year (Business One)

Calgary • AB • Canada – At its 2007 Field Kick-Off Meeting, SAP Americas (a subsidiary of SAP AG – NYSE:SAP), COREENERGY Solutions Ltd. (CRCS) was recognized as the “Canadian SAP Business One Partner of the Year” honoring significant growth in customer account wins, and high levels of customer satisfaction. As well, COREENERGY was ranked in the top eight Business Partners for SAP Americas out of 250 other Business Partners in Canada and the United States.

Over the last ten years, COREENERGY has developed a unique suite of software applications and IT support systems to provide fully vertically integrated services to growing companies in the Energy Field Services Sector. With a solid foundation in superior customer service, a nimble entrepreneurial culture and leading edge technical expertise, the company has developed a strong customer base of organizations committed to progressive growth.

“We are thrilled by this acknowledgement,” says President and CEO Jory Lamb. “We’ve seen first hand, SAP’s enormous capacity to help our customers optimize their operational, reporting and management systems. Earning the opportunity to deliver SAP business solutions to small and mid size companies has been the ideal next step for the critical mass of people, products and processes we’ve been building since day one. Winning this award is very motivating.”

COREENERGY has offices in Calgary, Alberta (in the heart of Canada’s Energy Field Services sector) and in Denver, Colorado. The company has plans to open two new offices in Houston, Texas and Edmonton, Alberta this year.
